## DETAILED ACTION

### *Response to Amendment*

The Amendment dated March 26, 2009 has been noted with appreciation. However, it fails to put the present case in condition for allowance due to outstanding issues that are to be pointed out in the following sections.

### *Claim Rejections - 35 USC § 112*

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 23, 24, 27 and 29-31 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 23: lines 2-4 are not understood. Perhaps on line 3, "right" was meant to be – left --.

In claim 24: on line 2, "the **second** connection conductor" has no antecedent basis. Apparently, "second" should have been changed to – right --.

In claim 27: on lines 2, 7 and 8, "the substrate" has no antecedent basis; and on line 6, it is not certain where the "**connection band**" is arranged relative to other components. Further, is it the same element as "**connection conductor**" recited in claims 20 and 21, for example? If it is, consistent language should be used to avoid confusion.

In claim 29: on lines 2 and 3, "the substrate" has no antecedent basis.

In claim 30: on lines 2 and 5, "the substrate" has no antecedent basis.

In claim 31: on line 2, it is not clear whether "its perimeter" recited is the perimeter of the glazing.

### ***Claim Objections***

Claims 23, 33 and 35 are objected to because of the following informalities: In claim 23, on line 3, "filed" should be – field --; in claim 33, on line 3 **from the bottom**, "have" should be – has --; and in claim 35, on lines 2 and 5, after "for", "the" should be replaced with – a --. Appropriate correction is required.

### **Allowable Subject matter**

Claims 19-22, 25, 26, 28 and 32-36.

### **Final Rejection**

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
